

Downs Wood Walk

 Time taken: 20 minutes

 Distance: 1 mile

 Difficulty: Easy

Map

Waypoints

This short walk takes you through the beautiful Downs Wood. It's great as a short walk for people and dogs.

1. From Blackthorpe Barn turn right and pass through the carparks along the concrete road until you reach the Downs Wood on your right.

2. A path leads into the wood shortly after you reach its boundary. Follow this path, past some old air raid shelters on your right which are left over from the old airbase located here in Rougham during the Second World War.
3. Shortly after the second air raid shelter, bear left and then turning left shortly afterwards. This path winds its way through the wood. Follow through the wood to the far end. Here you will find a junction of the paths.

4. Turn left and follow this path through to the edge of the wood. You will see two more air raid shelters in the woodland on your left just before you emerge onto the concrete road.

5. Turn left here and be aware that vehicles can come round from the bridge on the right quite fast. Follow this path back to the carparks and then to the Barn and Roots Café where refreshments await.

The walk starts and ends at Blackthorpe Barn, where you can find plenty of free parking as well as Roots Café and the Garden Room shop.

Please remember that the gates to the avenue entrance are locked after the Café and Shop close.

We hope you enjoy your walk!
